Firbank Grammar has a Critical Incident Management Plan which will be activated immediately in the event of a critical incident. The Incident reporting form contained within this policy is used to report any incidents whether minor or major.

During induction all staff are made aware that there is an electronic version of the ESOS legislation in Complispace and that the *Staff Handbook* contains *Policies and Procedures Applicable to Students on a CAAW*. Staff are also given professional development on the legislation as any changes occur, either by outsourcing or internal training. Staff are also inducted in the Critical Incident Management Plan. Firbank requires staff who interact directly with international students undertake the online course available at the following link. They are required to provide the certificate when they have finished. <http://www.elearn.com.au/det/protectingchildren/external/>.

The school will identify and access appropriate support services, and ensure the necessary services are provided for participants as required.

Students requiring counselling or support should discuss the matter with their teacher and/or International Student Co-ordinator as soon as practicable. The staff member will assist where possible, and in the event that further action is required, will refer students to the appropriate agency.
